

VOLUNTEER

Engineers and professionals of all backgrounds are highly encouraged to join EWB-OC in our mission to improve the quality of lives in emerging countries. Opportunities include:

- Overseas project work and intimate knowledge of developing communities
- Exciting technical challenges
- Collaboration with socially-minded, industry-leading professionals
- Rewarding fundraising and health related project work

DONATE

EWB-USA is a 501(c)(3) non-profit organization. We rely on grants, in-kind donations, and financial contributions. You can help by providing any of the following:

- **Donations:** Donations from individuals and corporations are absolutely vital to accomplishing our projects and operations. To make a donation, please visit us online at [www.ewb-oc.org / donate](http://www.ewb-oc.org/donate).
- **Equipment:** In-kind donations of testing equipment, print materials, raffle items for events.

To donate, please visit <http://ewb-oc.org/give>

*All donations to EWB-OC are tax-deductible.

ENGINEERS WITHOUT BORDERS-USA
ORANGE COUNTY PROFESSIONAL CHAPTER

Founded in 2008, Engineers Without Borders - Orange County Professionals is a local chapter of EWB-USA. Our highly motivated group of professionals are involved in overseas projects, local volunteering efforts and sustainable-technology development.

OUR ACTIVE OVERSEAS PROGRAMS

“BUILDING A BETTER WORLD | ONE COMMUNITY AT A TIME“

Our Vision

Our vision is a world in which the communities we serve have the capacity to sustainably meet their basic human needs, and that our members have enriched global perspectives through the innovative professional educational opportunities that the EWB-USA program provides.

Our Mission

EWB-USA supports community-driven development programs worldwide by collaborating with local partners to design and implement sustainable engineering projects, while creating transformative experiences and responsible leaders.

COUNTRY	EL SALVADOR	KENYA	HONDURAS
PARTNERING COMMUNITY	Las Delicias, Las Animas, El Rosario	Samburu Village	Juticalpa
PARTNER NGO	ENLACE	Segera Mission	Olancho Aid
PROJECT I	Status: Complete EWB-OC members designed and constructed a 60 cubic meter distribution water tank providing consistent supply of potable water to 6,000 people.	Status: Complete EWB-OC members designed and constructed a bridge to increase access to a medical facility located across the river from the community.	Status: Complete EWB-OC members optimized wireless network and designed a curriculum to educate the future generation of students.
PROJECT II	The community needs our help to find sustainable engineering solutions to public health problems. We are currently working to define the scope of the next project.	The residents of this community have no permanent water supply. We want to identify, design and implement a potable and / or irrigation water source.	Currently residents obtain their water from a hand pump well and must use buckets daily to collect water. This project will focus on a water supply system and managing it.
Current Phase	Project Selection	Assessment	Assessment
VOLUNTEER	Each project is looking for enthusiastic & motivated engineers and non-engineers! Tasks range from technical (design, hydrology, construction management, water supply, geotechnical) to administrative (health assessment, fundraising, documentation, community relations).
